

Disability Policy

Foundry College provides students with the skills and knowledge for the jobs of today and tomorrow. We are committed to maintaining an inclusive and welcoming community at Foundry College. Our commitment to this goal is guided by the rights and responsibilities described in the Student Code of Conduct, federal disability law, and our strong commitment to non-discrimination. The purpose of this document is to explain the disability policy.

Foundry College reserves the right to regularly update this document. The date of the latest update is included in the footer.

Resources

Foundry College offers online classes in real time in which the only mode of internal assessment is open-note quizzes and assessments. All required reading materials are available in the class; there are no texts or other resources used outside of the classroom. The only exception to this are external assessments for Credential courses (when applicable).

Foundry College currently offers the following resources to all students: 1) unlimited time on all daily quizzes or assessments specific to Credential courses; 2) time limits of 90 minutes per attempt on Mid-term and Mastery Assessments; 3) time frames ranging from four to ten days to complete all attempts on assessments; 4) video recordings of all classes; 5) access to class slides and any other written material from the class; 6) opportunities to interact in class in either writing (chat or messaging) or verbally; 7) course extensions.

Foundry College is working to ensure that all in-class materials are developed using the principles of universal design and continues to be committed to an open and accessible learning experience for all students.

Procedure

Students who would like to request disability accommodation are encouraged to discuss their needs with the Student Services Manager to ensure that they understand the range of current resources, the Foundry College Disability Policy, and the procedure for making the request. If the current resources are deemed insufficient, the student can request a disability accommodation by downloading and completing the Disability Accommodation Form.

As each student's situation is unique, the extent and nature of the accommodation will be decided on a case-by-case basis in accordance with our principles and policies. Although documentation of a disability is required, documentation alone is insufficient to guarantee an accommodation.

If you have any questions please contact the Student Services Manager at support@foundrycollege.org.

Confidentiality

To the greatest extent possible, Foundry College will strive to respect the privacy of our students. Disability-related information may be released on a legitimate need-to-know basis only when there is a compelling reason for disclosure.
